Sustaining and expanding IPE

- Obtain support from education administrators
- Develop infrastructure for the consortium
- Continual informal assessment of the process
- Increase membership through addition of more disciplines
- Leveling of curriculum
- Curriculum development
- Marketing

Obstacles to advancing IPE within the consortium

- Logistics
 - Scheduling challenges
 - Space to accommodate the increased number of participants
 - Funding
- Team assignments according to disciplines and facilitators
- Work load
- Curriculum that is appropriate for all disciplines

Obstacles (continued)

- Adequate faculty facilitators
- Orienting faculty facilitators
- Exclusion: Literature emphasizes the importance of IPE throughout undergraduate and graduate
- Valid and reliable assessment
- Role modeling IPEC competencies
- Sharing of data and resources

Maintaining the Momentum

How do we overcome these obstacles???

What will you take back to your
institutions?
